

ARC PCI Results

Q2 2026

...Saltus
Asset Management

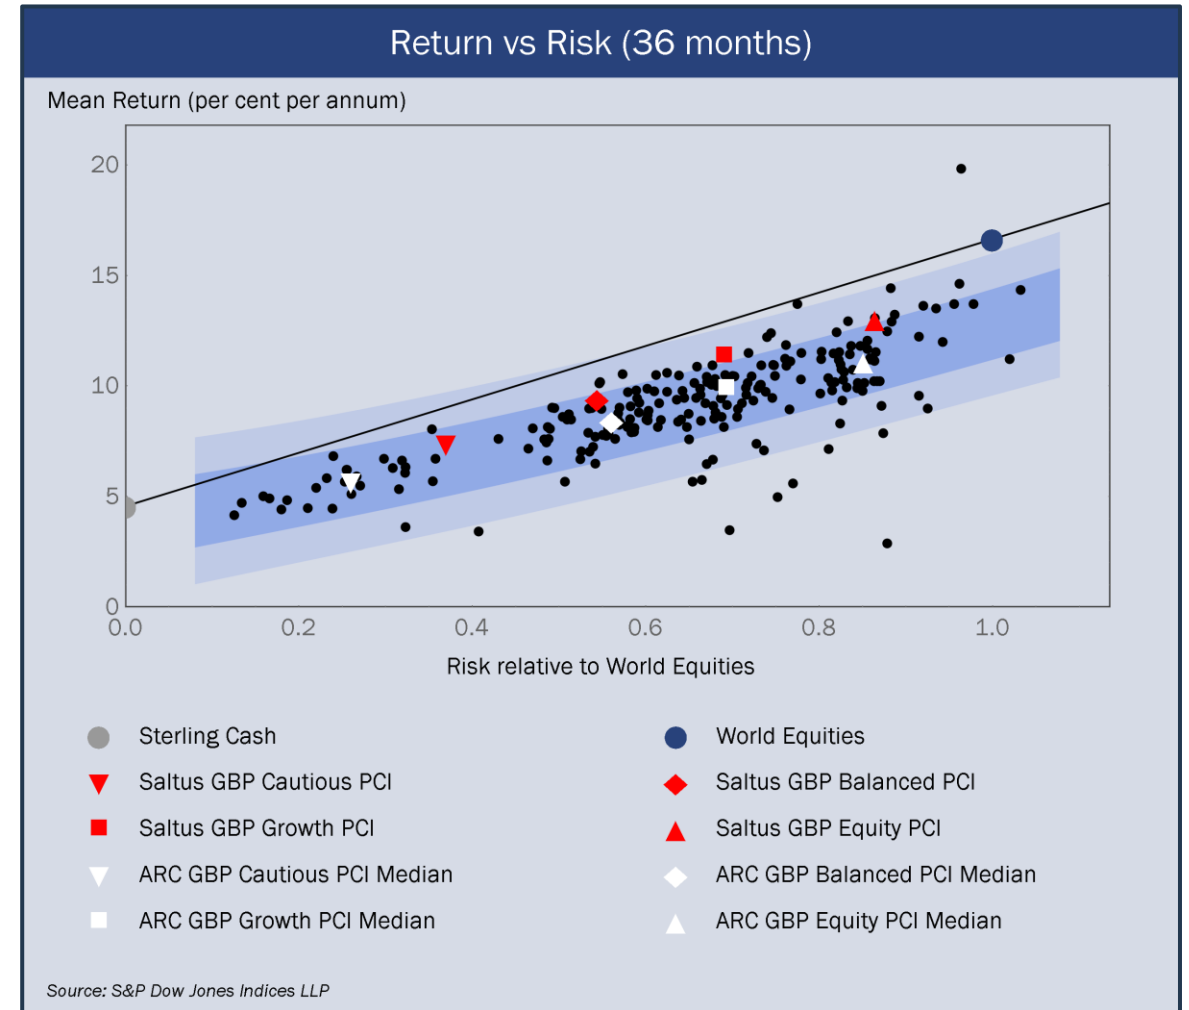

Independently Audited Results (3 Years)

Significant outperformance vs peers

- Reports are generated quarterly based on information sent from 130+ investment management firms
- The indices are compiled from over 350,000 real client portfolios
- Over £2tn of assets managed by contributing firms
- ARC includes these and more...

Arbuthnot Latham, Barclays, Brewin Dolphin, Brooks Macdonald, Cazenove, Charles Stanley, Citi Private Bank, Coutts, Deutsche, Evelyn, HSBC, James Hambro, Julius Baer, Killik, LGT Wealth Management, Quilter, Rathbones, Ruffer, 7IM, SJP, Stonehage Fleming and Tatton

Past performance cannot be reliably used to predict future returns. Investments do not guarantee a return, the value and the income from them can fall as well as rise. You may not get back the amount originally invested
